# Ingle Law Firm Partners with CaseMax Case Management System to Support New Operations in North Carolina

*Ingle Law Firm, recently established by industry veterans, chooses a case management system that will grow with their success.*

**[February 1, 2021 | Overland Park, KS]** CaseMax today announced a partnership with Ingle Law Firm, of North Carolina. As a newly established firm, Ingle Law Firm implemented the CaseMax platform and went live January 19, 2021. The partnership with CaseMax positions Ingle Law Firm to begin operations at an efficiency new law firms to the servicing industry do not see.

"This is a fantastic example of the benefits an all-inclusive case management system can provide. We are in a unique position to not only provide a turnkey case management solution to the industry," says Mike Zevitz, President of CaseMax, "but in the case of Ingle Law Firm, to provide a technology foundation to poise the firm for success, then scale with them as they grow."

"We opted for a rapid implementation so we could begin using CaseMax immediately," says Grady Ingle, Founder and Managing Partner at Ingle Law Firm, "the process was fast and well thought out, allowing us to start using the software even while behind-the-scenes configurations and templates were still being created."

The CaseMax system, a scalable platform, is designed to match the growth and expansion of a law firm. As Ingle Law Firm continues to expand, CaseMax will match their needs through its offering of more than 40 available integrations, resulting in cost reduction and streamlined efficiencies.
