CASEMAX INTEGRATION WITH NPL MANAGER SUPERIOR COMMUNICATION

NPL MANAGER TO CASEMAX

REFERRALS Whether the communication is loan servicer to asset manager or asset manager to outside law firm, you can be confident that your work order created in NPL Manager will arrive at a CaseMax partner law firm quickly and securely.

SCHEDULED EVENTS Each referral will include the events and the due dates that the loan servicer is expecting.

DOCUMENTS Supporting documents like security instruments, notes and title work may be sent to CaseMax and are available to the law firm.

MESSAGES Notes about special circumstances, questions, or routine communication: Multiple communication formats are accepted by CaseMax.

CASEMAX TO NPL MANAGER

REFERRALS ACCEPTED CaseMax integrated with NPL Manager ensures a work order sent = a work order accepted.

Automated communication sent through NPL Manager means CaseMax can know what to do when data is received. Manual duplication in multiple places is eliminated.

SCHEDULED EVENTS COMPLETED A standard set of events and dates are pre-set in CaseMax, so work may begin immediately.

As events are completed in CaseMax, the completion date and data relevant to the event is sent to NPL Manager.

DOCUMENTS CaseMax receives and indexes documents from NPL Manager work orders, so they are available to the law firm when needed.

A law firm can also generate and send documents for the loan servicer to review and/or execute.

MESSAGES Text exchange of information.

May limit the need to email the loan servicer.
